CONFIDENTIAL

My dear Mr. Secretary:

At the present time the Secretary of the Treasury is authorized to declassify Loran projects at the completion of site surveys and when actual construction commences.

Inasmuch as there is considerable difficulty when dealing with foreign governments and foreign contractors when the project is classified, it is suggested that the Department of Defense policy be revised to declassify Loran construction projects once the funds have been approved by the Congress.

Sincerely yours,

(Signed) David W. Kenzall
Acting
Secretary of the Treasury

Honorable Charles E. Wilson
Secretary of Defense
