November 1, 1963

Dear Sir:

The USAF is considering a demonstration of LORAN-C Navigation System in a Tactical environment. The demonstration is planned during 1 May 1964 through 1 October 1964. A USAF Working Group will coordinate the actions required to accomplish this action. It is believed that a representative of your organization would be most helpful to our efforts.

In view of the foregoing, we would appreciate the participation of a member of your organization to serve in the USAF Working Group that will coordinate the Tactical LORAN-C feasibility demonstration.

Sincerely,

Harry Davis

HARRY DAVIS
Deputy for Research
Research and Development

Commandant
U. S. Coast Guard

NOV 26 1963

Mr. Harry Davis
Deputy for Research
Research and Development
Office of the Assistant Secretary
Department of the Air Force
Washington, D. C.

Dear Mr. Davis:

Thank you for your letter of 1 November 1963 requesting Coast Guard participation in a U. S. Air Force Working Group which is to coordinate actions relating to a demonstration of the Loran-C navigation system in a tactical environment.

Commander Elmer M. LIPSEY, USCG, is familiar with this application of Loran-C and will be the Coast Guard member of the group.

Sincerely yours,

15

W. D. SHIELDS
Rear Admiral, U. S. Coast Guard
Chief, Office of Operations
By direction of the Commandant
