

SCRAP BOOK-GUEST BOOK

U. S. COAST GUARD
Loran Transmitting Station

TERN ISLAND, French Frigate Shoals, T.H.

TERN ISLAND 1961

USCG LORAN STATION, FRENCH FRIGATE SHOALS, HAWAII

This book contains photographs and documents from a Scrap Book and Guest Book started in 1953 and a Scrap Book started in March 1964 by HM2-P1 W. R. (DOC) Hogland. It was re-habed by HM1 R. L. (DOC) Thomas and SA J. A. Dale in April 1969 and again in December 1972 by ETC D. W. MENGE. For the benefit of those to be stationed here in the years to come, it is hoped that crew members will continue to contribute photographs and items to keep this book up to date. Please label all photographs and items.

10 Years Ago

A new lightweight raincoat, designed to keep the wearer from sweltering on hot, rainy days, was approved for Navy officers and chiefs who wanted to buy it themselves . . . The Coast Guard budget included a \$350,000 item for the closing of Loran stations at French Frigate Shoals and Cocos Islands, but only if Congress agreed . . . The Navy was getting ready to give its career appraisal program a major face-lifting, working toward a more effective job of shipping over first-term enlistees.

WORLD SERIES BIG HITS

The French Frigate Shoals' World Series was underway last month with even more action packed excitement than the mainland version had.

F-TROOP, the home team, defeated the visiting Thos Guili "THE GREEN MACHINE" in the first game of the series. In a close second game the GREEN MACHINE managed to slip by the F-TROOP, 8-6.

On Thanksgiving there will be another playoff for a trophy that was donated by Joe You Painting Company.

The response for tickets for these games have been tremendous. If you plan to go to the Thanksgiving playoff we advise you that tickets are on a limited supply; so you better write soon for yours.

Members of the pro-team "F-TROOP" stand proud as they prepare to meet the GREEN MACHINE.

FROM D

20TH ANNIVERSARY GREETINGS

1. CONGRATULATIONS ON YOUR 20TH ANNIVERSARY. FOR THESE PAST TWENTY YEARS YOUR STATION HAS PROVIDED RELIABLE AND NECESSARY AIDS TO NAVIGATION SERVICES FOR MARINERS AND AVIATORS UNDER UNUSUALLY HARSH AND ISOLATED CONDITIONS. THE DEDICATED AND PROFESSIONAL SERVICE THAT HAS BEEN DEMONSTRATED BY YOUR STATION THROUGHOUT THE YEARS IS WELL KNOWN AND APPRECIATED BY ALL USERS.

2. BEST WISHES. SIGNED, RADM P.G. PRINS, CCGDFOURTEEN.
