**MEMORANDUM OF AGREEMENT
ON THE TRANSFER OF EQUIPMENT AND ARTICLES
BETWEEN
THE UNITED STATES COAST GUARD FAR EAST SECTION
AND
THE ELEVENTH REGIONAL MARITIME SAFETY HEADQUARTERS**

Effective 1 July 1993, the Japanese Maritime Safety Agency will assume the operation of the U. S. Coast Guard Loran Station located at Gesashi, Okinawa Prefecture, Japan. To implement the operation of this station, the U. S. Coast Guard has agreed to transfer to the Japanese Maritime Safety Agency complete Loran transmitting equipment suite, electronic spare parts, special tools and test equipment, fuel for the operation of the station's engineering plant, and other items essential to the operation and maintenance of the Loran Station.

This Memorandum of Agreement provides for such transfer of equipment and articles in accordance with the basic agreement on Transfer to the Government of Japan and Joint Use of Loran-C Stations (Contained in Facilities Subcommittee Memo 3077 dated 19 June 1992, Reference FSUS-747-3217-RS(US), 27 April 1992). Such transfer will be made without charge to the Japanese Maritime Safety Agency, acting for the Government of Japan, on a non-revocable basis.

Enclosure (1) to this document is the Property List Report, a comprehensive listing of equipment and articles transferred. Enclosure (2) is the Electronic Repair Parts Allowance List, a listing of electronic spare parts transferred.

Done this 1st day of July 1993.

R. C. WIGGER
Captain
U. S. Coast Guard
Commander, Far East Section
