(b) My MEMO of 20 Nov 1974

1. Your constructive comments and suggestions concerning subject prices are appreciated. Without input from the field units, it is difficult to monitor and evaluate how well a new program is functioning.
2. In reviewing the pricing with Base Kodiak Comptroller, LCDR CUTRIGHT, it was determined that soda and beer prices were established at "vending" prices based on a recommendation from one loran station. Evidently, this was a misunderstanding.
3. Base Kodiak exchange has established revised prices for soda and beer as a result of this review. A copy is attached as enclosure (1).
4. Base Kodiak Exchange desires to hear from the Satellite exchanges concerning problems and recommendations for improving the program. CWO MOORE, Base Kodiak Exchange Officer, should be contacted in matters relating to satellite exchange operations.
